Dear All,

A critical vulnerability in servers 85.159.203.68 and 85.159.204.202 was reported by an external researcher and confirmed by our team. I will be your point of contact regarding its remediation. If there is any further information we can provide, please let me know. Here are some more details regarding the vulnerability:

WO: WO-IM-1-12570168602

CVE: <https://nvd.nist.gov/vuln/detail/CVE-2022-29464>

Vendor recommendations: <https://security.docs.wso2.com/en/latest/security-announcements/security-advisories/2022/WSO2-2021-1738/>

Besides following the specific recommendations by the vendor above, it is advised to update the services to their most up to date stable versions, as much as possible.

Best,

**Rafael Ballestas**
