Mission PIN Code

iNeed Asset Name

Missions Radius Service

What it is

Radius authentication service for missions. Being handed over to another team (Handover 2026).

Active Projects

- Mission PIN code - Migration to GLOBAL
- Mission PIN code Handover
- Handover 2026 (parent project, due Jul 1, 2026)

Active Tasks

- Provide DB backup and code/files to Mario (due Mar 28) — needs Diego approval first
- iNeed closing: Mission Pin Code stack info ticket (due Mar 28)
- Close project and related tickets (ST item 440)

Handover Notes

- Mario is receiving data/backups — get Diego approval first, then deliver
- DB backup files already on server (no need to dump again)
- Stack info already provided — just needs iNeed ticket closed with asset + activities

Knowledge Gaps

- What exactly does Mission PIN Code do for missions?

- Who is Mario (full name, team)?
- Who is Diego (full name, team, why he approves backups)?
